My next award goes to a person who having joined the club this year with her horse whom she bought as an unbacked youngster who is far from a straight forward . She had barely done anything with him but was brave , committed and ambitious.

• She has taken part in various clinics and gone from strength to strength

• Doing Dressage tests and going Cross Country for the first time and wowing us with his scope and speed over show jumps

• She has now has represented the club on teams for Show jumping Arena Eventing and Dressage

Esther Bush

My third award goes to someone who has been in the club a long time and does more than most to make sure that the events and activities we do take part.

- Always cheerful and in attendance at most activities.

- One of our most prolific volunteers.

- Highly efficient and organised.

- A thoroughly brilliant Committee Member who does more 'behind the scenes' than many realise

Jane Ebberson

2022 Annual General Meeting and Awards night

My final award is for someone very special to us all and this is a very special award, the horse of a lifetime award.

A horse of a lifetime is something I hope we all have at some point in our lives.

This horse is a huge character who when I first met I was wary of because of it's name… I need not have been.

This horse has turned its hoof to just about everything… played polo done side saddle, show jumping, arena eventing, cross country, dressage, accompanied hacks and just about every other thing we have ever done representing the club

The sort of brilliant allrounder that we would all love to have….
